- Segment all the content by **themes**
- Users can proceed through the videos **at their own pace**; so by day 3, user A may be on theme 3, and user B may be on theme 2
- Users in the **control** and **experimental** groups will have access to the same video bank
- **For day 1-3**, they'll all have the same video bank
- **For day 4-6**, they'll switch to a new video bank, and everyone starts from scratch
